

In Memoriam: Pip Barrett & Mike Greaves

Or from Pillar to Post.....

- **Weed Research Organisation (Yarnton)**
- [Mr. Tony Baldry \(Banbury\)](#) In initiating this debate, I am also speaking on behalf of my hon. Friend the Member for Wantage (Mr. Jackson), in whose constituency a similar closure is taking place at Letcombe and who, with my right hon. Friend the Member for Witney (Mr. Hurd), has been in close touch with the Agricultural and Food Research Council to try to ensure that the objections raised by or on behalf of the staff at those two institutes are taken fully into account and properly answered before any irreversible action is taken.....
